Quality Policy

Vergokan is specialized in metal cable management and framing systems for the commercial and industrial markets, infrastructure projects and OEM businesses, with a regional focus that spans Europe, Russia (including CIS and Baltic) and specific export markets in Africa, Middle-East and Scandinavia.

The Vergokan business culture is focused on Customer Intimacy and Customer Centricity, with long-term sustainable partnerships.

The state-of-the-art production facilities, warehouse and logistics, supported by SAP, offer flexible service and high qualitative products according to the applicable international standards. Continuous improvement is implemented in the quality management system according ISO9001.

Oudenaarde,

Gino Declercq
Managing Director Vergokan
Cable management & protection

On condition that the product(s) is/are used in the manner intended and/or in accordance with the current installation standards and/or with the manufacturer's recommendations.
