### LOAD DIAGRAM

This diagram illustrates the permissible uniformly distributed loads applied to multiple supports. They comply with IEC 61537 with connection in the centre of the span and the end span = 0,8 x the span.

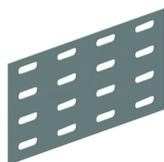

F = max. admissible load (daN/m)

L = support distance (m)

Max. deflection (m) = L/100

For widths > 400 in combination with a cover: Please state explicitly in the order.

### Fix with:

Joiner  
V110.200

Toothed round  
head bolt / flange  
nut  
VM
